Hi Natalie -

Attached is the State Contacts for WQ-S that is currently uploaded to the regional network for the WQ vital records. **Please review and send me current updates for this file by COB, Thursday, 8/13.**

Also, below is a snapshot of a few files for WQ-S that have been uploaded to the regional network that should be reviewed for accuracy. Most files have had no changes but we just need to double check. Please let me know some dates/times that you and/or custodians of these files will be available to review these files.

Thanks-  
*Debora*
